

Character Building

You will need:

- Some minifigures
- A piece of paper
- Pencils and pens

How to play:

- Choose a minifigure and place it in the centre of your paper. Draw a circle around it.
- Look carefully at the figure and think of good words to describe your character. Write the descriptions on the paper around them.
- Think about words to describe their personality, their family and friends, what they like to eat and drink, what their interests are and where they like to visit.
- There are no right or wrong ideas here - your character is unique to you.
- Write down your character's 'catchphrase' - what do they like to say? Don't forget to give them a great name!
- Once you've created your character, create another and show them to your friends and family.
